5. Regarding claim 25, claim is allowable over prior art of record because the cited references cannot teach or suggest the allowable claim subject matter “said concatenated Gray mapping is a serial concatenation of an inner Gray mapping and an outer Gray mapping”.

6. Regarding claim 28, claim is allowable over prior art of record because the cited references cannot teach or suggest the allowable claim subject matter “a control unit configured to identify whether a number of said information bits is odd or even”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
